

Kassie Huhtanen

Kassie's creative process has been greatly influenced by a variety of experiences which include spending extended time at her family's home on Cape Cod coupled with an eclectic mix of travel treks. Since 2006, Kassie has studied under Master Potter John Macomber at Greenleaf Pottery located in South Windsor, Connecticut. In addition to wheel and slab work, she has embraced hand building and creates uniquely

sculpted fish from clay. All sculpted fish are fashioned by hand, fired for bisque, glazed using lead free products and fired again to create a one of a kind work of art. All work is available in a variety of styles, sizes and can be viewed in our virtual gallery at SmilingFishDesigns@yahoo.com. Note that all completed work is original and signed or certified for authenticity.
